HAVE YOU TESTED YOUR PANIC BUTTON LATELY?

It is important to periodically test your panic button to the central station. If you have a panic button on a key fob, or an actual panic or hold-up device, call our dispatcher (530) 243-2521, give your password, let her or him know that you will be sending in a panic signal. Then, disconnect with the dispatcher and test the panic. Be sure to let the alarm sound for 20 to 30 seconds. Reset your alarm by entering your four numbers and off twice. Call the dispatcher back to verify that the signal was received and to let her know that you have concluded your test.

We recommend testing your panic weekly. If you do not have a hand held panic device, there are panic buttons on your control panel. If you have a Vista control, you can press the # and * button simultaneously and hold them down for approximately three seconds. This will activate the panic. If you have trouble or need further instruction, give our dispatcher a call at (530) 243-2521.

SYSTEM INSPECTIONS, THEY ARE IMPORTANT

Have you had your security system tested lately? We offer system inspections at a reduced rate, performed on an annual basis. The first check may be FREE. Call our office for more information (530) 243-2521. Our inspections include a full test of each device along with battery and control checks.

\$50.00 REFERRAL CREDIT FOR FEBRUARY!

We are offering a special referral credit for February. For each system that we install in February, where the home or business owner uses your name as the person that referred them to our company, we will credit your account with \$50.00. There is an unlimited amount of times that you can refer someone and an unlimited amount of credits that can be applied to your account. You can refer commercial or residential accounts, fire or security systems. You can refer neighbors, co-workers, friends, and family. Make sure the party you refer gives us your name so we will know that a referral was made. Customer recommendations are the best form of advertising, and it is what keeps our company strong. This credit is a thank you for your good words on our behalf.

IS A SECURITY SYSTEM A WORTHWHILE PURCHASE TO MAKE?

Some people question if a home security system is a worthwhile purchase to make? Hopefully you will never have to cope with a break-in and your family will never be hurt and your property will never be damaged or stolen, but it could happen. No one can know this for sure. The small investment you make in a home security system is inconsequential in comparison to what you stand to lose, if any of these unfortunate things should happen to you. Having a safe and secure environment for your loved ones to feel comfortable in is worth its weight in gold; because your family is your most treasured gift. A home alarm system can offer you and your family peace of mind, both when you are inside the home as well as when you are away from the home, that you may not feel otherwise. Having a home security system with cameras can alert parents when children arrive home after school. With a home security system camera, parents can check in visually several times during the day, or as often as they want, to check on the child and the caregiver, unobtrusively, and confirm that everything is okay at home. If there are elderly family members who live in the home, a home security camera is ideal for monitoring their well being as well.

Contact Stuart at (530) 243-2521 for a free security review and estimate. We never use high pressure sales, and we never try to sell you something you don't need. Our employees live and work in the area, we are your neighbors, your welfare is our main concern.

ACH Recurring Payment Authorization Form

California Safety Company, Inc. has started a new automatic payment program. Your monthly payments can now be scheduled to be automatically deducted from your checking or savings account. For customers that would like this payment option, complete and sign this form to get started!

Automatic Recurring Payments Will Make Your Life Easier:

- It's convenient (saving you time and postage)
•Your payment is always on time (even if you're out of town), eliminating late charges.

Here's How Recurring Payments Work:

You authorize regularly scheduled charges to your checking or savings account. You will be charged the amount indicated below each billing period. A receipt for each payment will be emailed to you and the charge will appear on your bank statement as an "ACH Debit".

You agree that no prior-notification will be provided unless the date or amount changes, in which case you will receive notice from us at least 10 days prior to the payment being collected.

Please complete the information below:

I _____ authorize California Safety Company, Inc. to charge my bank _____ (Print Full Name)

account, indicated below, on the FIRST DAY of each MONTH for payment of my alarm system lease and, or monitoring fees. Annual, semi annual, or quarterly fees will be drafted on their normal recurring date.

Monthly fee charged to my account will be in the amount of \$ _____.

Account Type: [] Checking [] Savings

Name on Acct _____

Bank Name _____

Account Number _____

Bank Routing # _____

Bank City/State _____

RETURN VOIDED CHECK WITH THIS AUTHORIZATION.

SIGNATURE _____

DATE _____

I understand that this authorization will remain in effect until I cancel it in writing, and I agree to notify California Safety Company, Inc. in writing of any changes in my account information or termination of this authorization at least 15 days prior to the next billing date. If the above noted periodic payment dates fall on a weekend or holiday, I understand that the payment may be executed on the next business day. I understand that because this is an electronic transaction, these funds may be withdrawn from my account as soon as the above noted periodic transaction dates. In the case of an ACH Transaction being rejected for Non Sufficient Funds (NSF) I understand that California Safety Company, Inc. may at its discretion attempt to process the charge again within 30 days, and agree to an additional \$15.00 charge for each attempt returned NSF which will be initiated as a separate transaction from the authorized recurring payment. I acknowledge that the origination of ACH transactions to my account must comply with the provisions of U.S. law. I agree not to dispute this recurring billing with my bank so long as the transactions correspond to the terms indicated in this authorization form.
