## HAVE FUN & STAY SAFE THIS SUMMER!

**If you are moving, give us a call. We would love to give you a free security system estimate on your new home. Call Stuart at (530) 243-2521. Don't forget, we love referrals. Get a \$25.00 credit on your next bill for every alarm installation we do from your referral.**

### HEAT ILLNESS PREVENTION

- Wear loose fitting, lightweight clothing.
- Protect against sunburn. Use a wide-brimmed hat.
- Drink plenty of fluids. Staying hydrated will help your body sweat and maintain a normal body temperature.
- Never leave anyone in a parked car. This is a common cause of heat-related deaths in children.
- Get acclimated. It's going to get really hot, really fast. Limit time spent working or exercising in the heat until you're conditioned to it.

### ONLINE SECURITY/SAFETY

1. Use strong passwords. They should be at least 8 characters long and include upper and lower case letters and symbols.
2. Never share your passwords with anyone.
3. Don't post travel plans online.
4. Beware of "free" gifts, prizes and vacations. If it is too good to be true, it probably is.
5. Beware of notices from official government agencies like the Social Security Administration, Medicare, or the IRS that are requesting personal information over the internet.
6. Beware of emails that claim you owe money with ultimatums such as "your account will be closed" or "you will be sent to collections, if you don't pay now".
7. When shopping or banking look for secure websites with an https in the browser's address bar. The "s" stands for "secure". If it is just http, it is not a secure site.
8. Make sure you understand the return policies of online merchants. Know all the charges including shipping, handling fees, and taxes before you buy.

## LOCALLY OWNED AND OPERATED

California Safety Company is a locally owned, family operated business. Ken Schwartz started the alarm company in 1961 and installed alarm systems throughout the North State. He always wanted to make sure that he had a personal connection with his customers, so we monitor all our customer's alarm systems at our own UL Listed central monitoring station in Redding.

We don't ship the alarm signals to a mega monitoring center in another state. When you call our office, a person right here in Redding will answer that call, 24-hours per day. You will never have to leave a message on a machine or go through a long list of options to get to a live dispatcher.

When you need service, our technicians are on call 24-hours. If you have a problem, day or night, we are available to help.

We appreciate the trust our customers have placed in our company over the years and would like to thank you for your continued business. We will strive to supply you with the best in products and services well into the future.

## ARE YOU AN EASY OR HARD TARGET?

- Do you have overgrown shrubs close to the house where burglars can hide? Or, are your bushes trimmed well below window level?
- Do you have poor outdoor lighting? Or, are your home entryways brightly lit?
- Do you continually leave your garage roll-up door open, making it easy for a burglar to run in and grab something? Even if you are home, would you notice if someone was removing something from the garage while the TV or the stereo is on?
- Do you let your newspapers pile up when you go on vacation? Or, have you arranged to have your mail and newspapers stopped until you return?
- Do you have our alarm company signs and stickers visible, advertising that you have a security system in place?
- Leaving town? Have you called our office to let us know? We can make a note on your account and, if there is a problem, let the authorities know you are out of town.

## ACH Recurring Payment Authorization Form

California Safety Company has started a **new automatic payment program**. Your monthly payments can now be scheduled to be automatically deducted from your checking or savings account. **For customers that would like this payment option, complete and sign this form to get started!**

### Automatic Recurring Payments Will Make Your Life Easier:

- It's convenient (saving you time and postage)
- Your payment is always on time (even if you're out of town), eliminating late charges.

### Here's How Recurring Payments Work:

You authorize regularly scheduled charges to your checking or savings account. You will be charged the amount indicated below each billing period. A receipt for each payment will be emailed to you and the charge will appear on your bank statement as an "ACH Debit".

You agree that no prior-notification will be provided unless the date or amount changes, in which case you will receive notice from us at least 10 days prior to the payment being collected.
