

### **HAVE YOU TESTED YOUR SYSTEM LATELY?**

To keep your alarm system working efficiently, it is important to test your system periodically. If you are not comfortable testing your own system, we can do it for you. You may be surprised to find how inexpensive service checks are, depending on the type of plan you are currently on. We can always work something out to fit your budget. We also have scheduled annual inspections for a nominal monthly fee.

### **TAKE A LOOK AT YOUR SYSTEM, IS THERE ADEQUATE COVERAGE?**

Have you done any remodeling, have you added any doors or windows that are not tied to the alarm system? With the upswing in burglaries in the area, a system you had installed 10 years ago, may not be adequate coverage today. You may want to increase protection by adding additional infrared sensors and/or glass break detectors.

### **DO YOU HAVE FIRE ALARM DEVICES IN YOUR HOME OR BUSINESS?**

If you have a fire alarm system in your business, it is required by code to be set up on annual inspections. We are licensed for fire alarm system installation and inspections. Contact us today if you are not set up on annual inspections.

Do you have smoke or heat detectors installed in your home? If not, you may want to consider adding them to your system. You may be able to receive an additional discount on your homeowners insurance.

### **DO YOU STILL MONITOR WITH TELEPHONE LINES?**

Are you paying for two, expensive, dedicated telephone lines for your commercial fire alarm system monitoring? Consider monitoring with a cellular communicator. This could save you hundreds of dollars a year.

### **REFERRALS**

Would you like a \$25.00 credit applied to your account? Refer friends and neighbors. If we start monitoring their system or install a new alarm, you get a \$25.00 credit applied to your account. Make sure they mention your name so we can give the proper credit.
