It is our goal to switch all of our customers over to either email billing or ACH auto draft from either your checking account or credit card by the end of 2018. We are doing this to keep costs down and continue to provide services at the same low monthly fee you are currently enjoying. If you are interested in email billing or ACH, please provide the following:

REDDING TELEPHONE ANSWERING SERVICE

As some of you may know, we have operated two businesses out of our location for many years, California Safety Company and Redding Telephone Answering Service. Our main focus has always been California Safety Company, which has grown so much over the years that it was becoming difficult to split our time and attention between the two companies. As a result, and with a sad heart, at the beginning of July, the owners of California Safety Company sold the answering service portion of the company. A letter was sent out at that time, but in case you missed it, the new owners are a great group of people. They have offices all over the United States and are expanding in California. They are keeping all of the same employees that you have come to know over the years. This was a very important deciding factor in the decision to sell the answering service as we wanted to keep everyone employed and in the area. While they continued to operate out of our office thru July and part of August, they are now in their new offices on Bechelli. At the end of this month, Keith Fegley will be the final employee to leave and transition to the new location. If you need to contact the new answering service, or would like a copy of their introduction letter, call 245-1111. We continue to highly recommend their services.
